What is Project YANA?

YANA stands for You Are Not Alone. It's a new community collaboration to positively impact others through organic, unexpected and unconditional love and kindness.

- There will be YANA rocks strategically placed to find people that feel alone
- When someone finds a YANA rock it will direct them to contact us if they feel alone

Every person who contacts us will be given:

- 100 envelopes, each with a one dollar bill and an inspirational handwritten message from a donor
- Framed collage or album of the 100 messages
- Resource packet with information about area non-profits and churches
- A small YANA rock to keep in their pocket as a reminder that there are people that care
